Unidentified Raptor (UR)	<input type="checkbox"/>	
Other:		

- Mark all raptors sighted on the accompanying map. Place a dot where the raptor was first sighted, then write the raptor code next to the dot. Use one dot per raptor sighted.
- Be sure to write the date on the map.
- Fill out a separate report form and map for each raptor survey trip.
- For raptors not listed above, write the raptor code and the total in the appropriate "other" section (e.g. SW-2 in "Other Buteos").
